felicity ng, product designer

Experience

Publicis Sapient

Experience Designer

October 2020 - Present

- \cdot End-to-end product design on an agile team in collaboration with PMs, developers, user researchers, and strategists
- · Established a design system for consistency across products and platforms
- · Led research and discussion on best practices
- · Audited e-commerce site to find and prioritize areas of opportunity to improve user experience and rate of conversion
- · Wrote testing criteria and created high fidelity prototypes for A/B user testing
- · Presented designs to clients and stakeholders to ensure buy in
- \cdot Leveraged computational design thinking to communicate the compatibility of designs with the client's content management system
- · Created user journey maps to discover areas of opportunity for product growth
- · Mentored junior designers on the design team

Skolem Technologies

March 2022 - June 2022

Web Designer

- · Streamlined the in-house blockchain explorer page and leveraged data visualization tools to close the gap between engineers and sales while incorporating feedback from developers and their CTO
- · Established the UX flows for the blockchain wallet and transaction manager

NYU IT OTSS

UX/UI Designer

October 2017 - August 2020

- · Laid the groundwork for design baselines for capital projects management systems
- Digitized data entry pipelines and converted entire bookkeeping systems to server-based operations for NYU's mailrooms
- \cdot Founded, ran, budgeted, and marketed for an annual citywide outreach event to bring design and technology to underprivileged students
- \cdot Audited for and solutioned designs to ensure Web Content Accessibility Guidelines (WCAG) AA compliance
- · Led user-research efforts and produced high-fidelity prototypes
- · Presented to stakeholders and end users to ensure smooth integration of new systems

OSIRIS Lab

September 2019 - May 2020

Marketing Manager

- \cdot Modernized the organization's branding and solidified brand guidelines
- \cdot Established a design system, a full website redesign, and created designs for several Capture the Flag (CTF) events
- · Primary point of contact between the lab and school management
