Experience

Publicis Sapient
Experience Designer

October 2020 - Present

· End-to-end product design on an agile team in collaboration with PMs, developers, user researchers, and strategists
· Established a design system for consistency across products and platforms
· Led research and discussion on best practices
· Audited experiences and created user journey maps to discover and prioritize areas of opportunity to improve user experience
· Wrote testing criteria and created high fidelity prototypes for A/B user testing
· Presented designs to clients and stakeholders to ensure buy in
· Leveraged computational design thinking to communicate the compatibility of designs with the client's content management system
· Mentored junior designers on the design team

Skolem Technologies
Web Designer

March 2022 - June 2022

· Streamlined the in-house blockchain explorer page and leveraged data visualization tools to close the gap between engineers and sales while incorporating feedback from developers and their CTO
· Established UX flows for the blockchain wallet and transaction manager

NYU IT
UX/UI Designer

October 2017 - August 2020

· Laid the groundwork for design system for capital projects management systems
· Led user-research efforts and produced high-fidelity prototypes
· Presented to stakeholders and end users to ensure smooth integration of new systems
· Established UX flows for a multi-platform ticketing system
· Digitized data entry pipelines and converted entire bookkeeping systems to server-based operations for NYU's mailrooms
· Audited designs to ensure WCAG 2.0 compliance
· Founded, ran, budgeted, and marketed for an annual citywide outreach event to bring design and technology to underprivileged students

Miss Caipi
Visual Designer Intern

May 2017 - August 2017

· Streamlined website for clearer communication of services offered
· Managed company's social media, website, and marketing materials
· Professional photography services for fashion assets, as well as overseeing dedicated in-house blog
